Speaker: Paul D'Adamo

"How to eliminate **RISKS** and maximize **REWARDS** with Takata Airbags"

Paul is a 28-year veteran of the Auto Recycling industry. He is the former owner of Bill's Auto Parts and has served as the Regional Manager for Pick-N-Pull. Paul also founded Recycling Growth, a consulting, coaching, and training company. Paul is known as the "Recall Guy" and is committed to rid the planet of all defective airbags.

In this seminar, you will earn how to speed up the process of identifying, removing, invoicing, packing and shipping Takata airbags. Receive training on the New "Yard Airbag App" (YAPP) and learn how to make revenue on deployed and missing air bags.

Computer Training

Join us for Inventory Management Systems training. Does your workplace use Car-Part, Hollander, or Pinnacle computer systems? Get all the latest updates, have your questions answered, and brush up on your skills with training just for the auto dismantler or recycler.

We'll save you a seat!

Round Table Discussion

Back by popular demand!
We will be facilitating a Round Table Discussion, with our convention attendees. This is a great opportunity to hear what ideas and concerns fellow dismantlers and recyclers have regarding the industry!

Let your voice be heard!

Trade Show and Dinner

The annual trade show and dinner will be held at the Hyatt Palm Springs. Plan on spending time visiting with the many vendors and exhibitors that will be at this year's event, and then sit down and enjoy a delicious meal with the convention attendees. This is a great time to find out about what's new in the industry, as well as visit with other recyclers doing business on the west coast!
